TO MEASURE YOUR SIZE CORRECTLY:

Get someone to help you. If you do, you'll get a more exact reading. Keep your shirt and trousers on and stand in a relaxed position. Let your arms hang loosely by your sides. Draw the tape measure horizontally around your body. It should lie close into the body, but should not be too tight.

- A** Measure around neck (measure tightly + 2 cm)
- B** Measure around the chest with arms flat along side of body
- C** Measure around body where waistband is to be placed
- D** Measure from crotch to floor inside at leg (without shoes)
- F** Measure around your hips
